

Security Beyond Compliance

Committed to Your Success and Security

K2Share is an experienced cybersecurity firm with over 22 years of government consulting and advisory services to numerous federal agencies, including the Department of Education (ED), Department of Transportation (DOT), Department of Homeland Security (DHS), Department of the Treasury, Department of Commerce (DOC), and others.

A comprehensive set of services and solutions designed to strengthen the cybersecurity of our federal client's networks, systems, and data.

- Our federal workforce offers cybersecurity strategy, policy, and governance support at the C-suite level.
- K2Share extends proven expertise in business intelligence, analysis, and data visualization through advance real-time dashboarding, including our proprietary Cybersecurity & Privacy Framework (CSF) Risk Scorecard™.
- As trusted resources, 94% of our federal workforce have advanced degrees or industry certifications, making them trusted resources.
- We continue to meet the ever-changing cyber environment and current threats, by offering innovative cybersecurity training and workforce development with over 4 million trained.
- We offer expertise in privacy and security advisement, training, and remediation.
